PAGE AND SPRED FILE SPECIFICATION SHEET

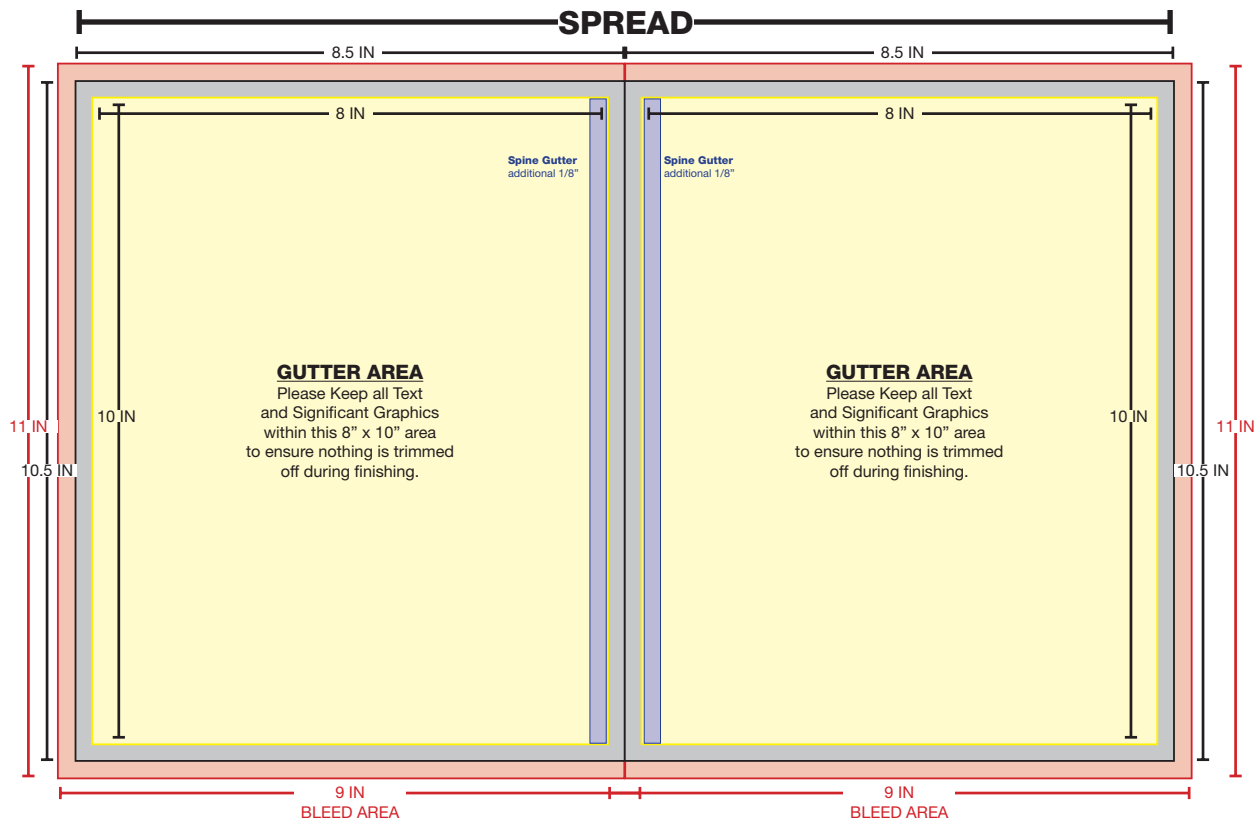

Page & Spread Sizes

Page Size: 8.5” Wide x 10.5” Tall • Spread Size: 17” Wide x 10.5” Tall

We require 1/4” Bleed (past the edge of the page) if any colour goes to the edge.

Please have all text and significant graphics within the Gutter Space, which is at least 1/4” away from the edge of the actual size of the Page. On the centre Gutter (Also Known as the Spine Gutter) leave an additional 1/8” space to allow for binding. Additionally, please place crops on all files to signify the page edges and size.

For an example of bleeds, please refer to the marks on the outside of this document. The size of this document is 8.5 x 11, Crop marks are outside of the page, but show where to trip the page to for final size.

- RED - BLEED AREA • BLACK - PAGE SIZE •
- YELLOW - GUTTER AREA (SAFE ZONE) • BLUE - CENTRE / SPINE GUTTER •

**Due to printing variations, we will not be held responsible for any text or graphics that may be cropped if positioned outside the gutter area indicated.*
